

## **You vote dutifully on Election Day, but have you also voted just as dutifully in your local Party Elections?**

Precinct Project Alaska invites you to show up to vote for local party leaders here in Alaska

The simple fact is that nearly half of all party leadership positions statewide are vacant today because no one ran for the position during the last Republican Party election!

*Show up – Be Counted – Let Your Voice Be Heard*

Precinct Project is a grassroots conservative effort across the nation to take back the Republican Party one precinct at a time.

For more information on the precinct project and to assist as we prepare for the elections taking place in February and March visit <http://precinctprojectalaska.wordpress.com/> or contact us at [precinctprojectalaska@gmail.com](mailto:precinctprojectalaska@gmail.com)
